

Medical grade, point-of-care PC with a 17" display. EN60601-1 and UL60601-1 approved for patient safety. Sealed for dust-free and waterproof operation. Medix is protected from liquid spills and can be sprayed and wiped down without the risk of damaging the computer.

The protective plastic case and powder-coated metal parts contain an antimicrobial additive that fights surface bacteria and stops them from spreading, multiplying or surviving.

Three serial ports allow you to maximize connections to other equipment.

Medix 1700SF is a secure, practical healthcare terminal for patients and practitioners.

Specifications

Operating System

Microsoft® Windows® 7

Processor

Intel® Core2 Duo 2.20GHz with low noise fan or Intel low-voltage Core2 Duo 1.06GHz (fanless)

Chipset

Intel 965GME Chipset

Memory

Up to 4GB DDR2 SDRAM - Two DDR2 DIMM sockets

Video

Integrated GMA X3100 graphics

Display

17" TFT LCD panel (420 nits)
Resistive type touch screen

Multimedia

Optional: Hybrid (NTSC/ATSC) TV-tuner
Optional: USB 2.0 WebCAM

Storage System

80GB 2.5" SATA hard drive with anti-vibration mechanism
Bootable Compact Flash slot for CF type I/II

Network Interface

Integrated 10/100/1000 Gbit Ethernet

Wireless LAN

Optional: 802.11 b, g miniPCI wireless LAN

Audio

Integrated audio, integrated speakers

I/O Ports:

Four USB 2.0 ports
Three serial ports
One PS/2 port
One DVI port
Two RJ45 ports
One VGA
Audio ports (line-in/mic, line-out/spkr or headphone)

Power

Medical grade external power supply
12-24V Wide-range power input (adapter included)

Operating Temperature

32°F—104°F

Operating Humidity

10% - 90% non-condensing

Dimensions / Weight

16.54" W x 14.17" H x 3.35" D
Weight: 15.4 lb

Certification

FCC-B, VCCI, UL/cUL, EN-60601-1, UL60601-1

Limited Warranty

1-year parts & labor, return to depot
