

Medical grade, point-of-care PC with a 10.4" display. Meets IP54 standards for a dust-free, waterproof operation. The Medix Tablet can be sprayed and wiped down without the risk of damaging the computer.

Small and lightweight, the Medix Tablet is designed to be the true portable access point for healthcare database applications.

Optional docking station with a locking feature provides a safe and secure stand when the unit is not in portable use. One LAN port and four USB 2.0 ports allow connectivity while the unit is in dock.

Specifications

Display

10.4" XGA LCD, 1024 x 768, resistive touch

Processor

Intel® Atom™ N450, 1.66GHz

Chipset

Intel NM10
